DAY 3 | Friday December 9, 2022 | RACE TRACK SAFETY PROGRAM (RTSP) – JUMP MEDIC

Lucas Oil Stadium Meeting Rooms 5-6-7

8:00 am – 8:12 am Welcome - explain station rotation & SFI certification process

8:12 am – 9:00 am **Station 1 – Helmet and HANS Removal**

Objectives:

- Review FHR Designs and Helmets - Proper C Spine Stabilization - Removal FHR, Helmet, Balaclava
- All students to practice both positions
- Student will be able to demonstrate as a 2-person team to properly remove FHR, Helmet, Balaclava
- Explain Helmet Cutting - Demonstrate Use of Helmet Eject System

9:02 am – 10:50 am **Station 2 – Spinal Immobilization**

Objectives:

- Various Tools for immobilization - Review and Discussion on seat/car type
- Student as part of a team will demonstrate the safe application of various immobilization devices

10:50 am – 11:00 am **Break/Networking/Coffee**

11:01 am – 11:49 am **Station 3 – Driver Extraction**

Objectives:

- Team Response to Driver Extraction
- Immobilization - FHR, Helmet Removal - Spinal Board Application - Driver Removal
- Student as part of a team will demonstrate the proper techniques in an immobilized driver extraction

11:52 am – 12:42 pm **Station 4 - Airway Management Hemorrhage Control in a Chassis or Tub**

Objectives:

- Techniques to Maintain and Establish Proper Airway
- Driver in Seat - Tool Assessment
- Student will demonstrate proper techniques for advanced airway insertion with driver in a tub
- Upper and Lower Limb Tourniquet Application, Driver in Car and Seat
- Discuss clotting bandage techniques and application
- Student will demonstrate proper techniques in Lower Extremity Tourniquet application with driver in chassis

12:42 pm – 1:20 pm **LUNCH** – Everyone on their own for lunch

1:21 pm – 2:09 pm **Station 5 - Driver / Medic Interaction Found in Car**

Objectives:

- Assessment and Communication Skills
- Typical driver findings and appropriate actions
- Student will demonstrate the proper approach, go WEST and driver interactions
- Rapid Driver Removal Technique

2:11 pm – 3:11 pm – **Station 6 – Medical Center - (Airway Management, Hemorrhage Control, Helmet and HANS Remove, Pelvic Binding).**

3:11 pm – 3:20 pm – Break/Networking/Snacks/Beverages

3:20 pm – 4:20 pm – **Station 7 – Medical Center – Simulated Case #1 – Spinal Cord Injury**

4:21 pm – 5:21 pm – **Station 8 – Medical Center – Simulated Case #2 – Chest Trauma**

5:22 pm – 5:30 pm – Wrap up

SUBURBAN HEALD ORGANIZATION – ACCREDITATION INFORMATION

CME Accreditation Statement

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Indiana State Medical Association (ISMA) through the joint providership of Suburban Health Organization and International Council of Motorsport Sciences. Suburban Health Organization is accredited by the Indiana State Medical Association to provide continuing medical education for physicians.

CME Designation Statement

Suburban Health Organization designates this live activity for a maximum of 20.0 *AMA PRA Category 1 Credit(s)*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

CNE Provider Statement

Suburban Health Organization is approved as a provider of nursing continuing professional development by the Ohio Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation. (OBN-001-91) Nurses will be awarded 20.0 contact hours for successful completion of this activity.
